REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is newly amended claim 1 now includes a specific structural limitation "at least one extension is selected from ribs, raised embossments or a part of a stamped area", which was agreed to during the telephone interview on 9/7/2004 with Applicants' attorney. During said interview, it was noted that in view of the terminal disclaimers, upon reconsideration, the Examiners agreed that claims 21 and 35 and the claims dependent thereon were allowable, and claim 1 and its dependent claims would be allowable by incorporating structural features of claim 5 into claim 1, so as to be distinctive and unobvious over the prior art by Hopton et al. In particular, Hopton teaches a separate foaming shelf with surrounded edges, which cannot be formed integrally by extrusion process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
